#### A NOTE ON THE CHANGES

As many of you know, Pendleton Parks and Recreation publishes three Activity Guides per year. You may be wondering why you are seeing an Activity Flyer instead. Due to uncertainty surrounding use of the Pendleton Recreation Center, a publicly-owned facility that has historically been controlled by Pendleton Parks and Recreation, we are unable to undergo our ordinary planning process. Who controls the facility may change, which would greatly affect recreation. As a short-term solution that allows us to move forward despite the uncertainty, we are instead publishing two Activity Flyers for the 2017 Fall-Winter season. This flyer covers Sept and Oct. The next flyer will cover Nov and Dec. That allows us to better serve you, our customers and neighbors, and extend the most certainty about program offerings and locations as possible. The reduced page space, however, does prevent us from including full details about everything listed, so we will be asking you all to rely more on our websites. Our main website is [www.pendletonparksandrec.com](http://www.pendletonparksandrec.com) and our registration website is <https://apm.activecommunities.com/pendletonparksandrec>. We also publish a lot of informative content about our events on our Facebook page [www.facebook.com/PendletonParksRec](https://www.facebook.com/PendletonParksRec). Please "Like" us! You are encouraged to call our office whenever you need assistance. We are here to answer your questions and help you learn the website. Call 541-276-8100. You will notice in addition to reduced offerings there are also other changes. We apologize for any inconvenience the shorter planning window may cause you and your family. It is our sincere hope that this season is the only one that is affected. In the meantime, we thank you for your continued support of Pendleton Parks and Recreation. We each sincerely love what we do, so we look forward to seeing your smiling faces at as many of these activities and programs as possible! Happy Fall and as always, GO PLAY OUTSIDE!
