

# Saturday Birthday Parties In The Gym

## FAQ's

### **When can we book a party and for how long?**

Our birthday party program is on Saturdays. Parties book well in advance. We have four 2 ¼ hour time slots. Scheduling does not allow for early arrivals – the time on your permit is when you should plan to arrive. The extra ¼ hour allows you to get in before your guests to decorate and meet with gym supervisor regarding any activities/equipment you will want available for your event. We have found this makes it a little less stressful for the party host. You may book back-to-back time slots if you don't believe 2 ¼ hours will be enough time for your event.

### **How many people may we have?**

The capacity is unlimited for youth parties. We ask that teen parties have one adult chaperone for every 15 teens up to a maximum of 45 teens. We want to avoid a "dance" party with this type of rental. If you are interested in booking a teen party for a larger crowd, we do have custom rentals at a higher price.

### **May we bring in our own cake/drinks/ice cream/food?**

Yes. We do have a small refrigerator/freezer available. No alcohol is allowed for these birthday events.

### **Are tables and chairs available?**

We have a few tables in the loft or, if you are willing to dodge flying balls, we have ten 6' rectangular tables can be set up on the gym floor.

### **What activities/equipment do you have?**

The game loft offers foosball, ping pong and pool. There is also plenty of table space for board games. All of the traditional gymnasium equipment is available including hula hoops, jump ropes, basketballs, volleyballs, badminton, scooters, whiffle balls and batting tees, indoor Frisbees, indoor hockey or soccer, cup stacking, ring toss, egg & spoon, and washers toss games. We also have pop-up houses that can be set up for really young children. PLEASE NO SKATES, WHEELIES OR SILLY STRING!

### **I have heard about your bouncy house and putt-putt golf. Can you tell me more?**

Our bouncy house can accommodate kids under 100 pounds. Our new bouncy house has been popular and can easily handle 3 to 4 preschool children at one time. The rental fee is \$30. In addition, we have a small indoor putt-putt course that we can also set up for \$10.

### **May we decorate?**

Yes. There really are no limitations for the loft gym area other than to make sure all tape is removed.

### **Do we have access to a sound system?**

We have a great sound system. Bring your CD's or plug in your iPod or phone. We also have a limited number of age-appropriate CD's available.

### **More questions?**

Call the Parks Office at 541-276-8100.
