A tutorial will be posted on pendletonparksandrec.com
As we head into Fall, I look back over an extremely successful summer of Parks and Recreation Programs. In addition to our Summer Adventure Camps, Sports Camps, and sunny days at the Aquatic Center, something else big was going on behind the scenes. Our staff were busy working with our partners at Pendleton School District and Inter Mountain Educational Services District to launch our brand new After School Program. This program is the biggest new addition to Pendleton Parks and Recreation in a very long time and was made possible through strong community partnerships and the hard work of numerous of individuals.

Launching the program required hiring 10 new staff, purchasing a whole new registration module, developing daily activity plans, and seemingly countless hours of meetings and trouble shooting. However, the greatest challenge was none of these things, but rather - the unavoidable issue of funding. Without tax dollars, we had to solve the conundrum of running a cost-neutral program in other ways. Fortunately, we had just been through a process of developing a new cost recovery plan for the Parks and Rec. Department, which laid out a plan for how programs could be run at the break-even point. We priced the participation fees at a level of basic operation, mostly consisting of the staff for the program. Through a grant from Cycle Oregon and the Oregon Community Foundation, we were able to fund the major start-up supplies. IMESD also came to our aid with additional start-up supplies. One major hill to climb was scholarships - we didn’t want to raise the fee’s for everyone else, so we decided to fundraise to cover the cost of those who were in need of financial assistance. With a separate fund in place, we were able to begin fundraising for this new scholarship. The Wild West Beerfest was a great success in its first year raising over $5,000 to help with these scholarships for low income families, and community organizations and private individuals stepped up in a huge way donating another $8,000 to the cause. These groups included The Pendleton Foundation Trust, Altrusa of Pendleton, the Pendleton High School Class of 79, the Pendleton Baha’i Community, the Lions Club of Pendleton, and Mary and Gene Hallman. Thanks to these generous supporters we are almost half way to our fundraising goal of $40,000 for the year.

If you have interest in donating to after school scholarships, or you want to help with the fundraising effort please contact our office.

Girls Youth Basketball Grades 3rd - 6th
Pendleton Youth Basketball (PYB) is back in action this fall. PYB will focus on teamwork, fundamental skills, and education of the game of basketball. We will hold our annual skills assessment on Saturday January 11th at Sunridge Middle School. Teams will be formed based on the skills assessment to ensure all teams are at a similar ability level. During the season everyone will have equal opportunity of playing time. Teams will have a weekday practice and games on Saturdays.

Without the help of volunteer coaches it would not be possible to run our league. If you are interested in coaching please contact Jon Bullard at 541-966-0228 for information on how you can coach. If you’re willing to be a head coach we wave the cost of your child’s league fee after you have completed all the necessary background checks and trainings with the City of Pendleton.

Co-ed Youth Basketball Grades 1st - 2nd
New this season for PYB Basketball we are transforming our 1st and 2nd grade co-ed basketball league to a 3 on 3 league format. 3 on 3 basketball is the perfect avenue to grow the game of basketball by developing new young skilled basketball talent and skills. Our new league format will have a week night practice and games on Saturdays. This will offer players new to basketball the opportunity to experience the game in a less intimidating setting, and allows seasoned players to hone their skills for when they graduate up in to our 3rd and 4th grade 5 on 5 leagues.
A skills assessment will be held on January 11th at 10:45 am at Sunridge Middle School.

Practices and Games schedules will be determined after the skills assessment. Coaches will notify parents.

**Concussion Policy**

On an annual basis prior to participation, for each participant under 12, at least one parent or legal guardian of the student must sign the Concussion Informed Consent form acknowledging the receipt of information regarding symptoms and warning signs of concussions. You will be provided access to the document during the registration process. Return it to the Parks Office prior to the registration deadline or bring it with you on skill assessment day.
